(ii) This Transport Undertaking is firmly of the opinion that for the purpose of providing an efficient, adequate, economical and properly co-ordinated road transport service, it is necessary in the public interest that road transport service on the proposed notified routes should be run and operated by the Undertaking to the complete exclusion of the private operators.

Attached hereto in Schedule 'B' is a table showing the existing routes of this Undertaking with which the private operators over the proposed notified routes are competing at present and the extent to which the routes are common and giving other necessary details, including the number of buses which will be available by the undertaking approximately in order to render an economic, efficient, adequate and properly co-ordinated road transport service in respect of these routes. It may also be added in the end that the nationalisation of the proposed notified routes is in the interest of the travelling public for various reasons. The Undertaking is providing certain special privileges and concessions to the travelling public which are not given by the existing operators on their services. For instance 50% rebate on the normal fare is given to the students on monthly concession tickets and similarly 25% rebate on the monthly concession tickets issued in favour of the general public is given and this is a big economic aid to the students and the poor travelling public. Besides this on Sundays and holidays the Under-

taking encourages movement of people for holiday purposes at cheaper rates and for this purpose special holiday excursion tickets are issued at the Rate of Re. 1/- for adults and 75 nP. per child which are valid for travel on any route of the Undertaking for the whole day irrespective of the number of the journeys made. This is a very attractive concession and the people presently being served by the services of the private operators are not getting full advantage of this scheme. Similarly special passes are issued to the public at the rate of Rs. 40/- valid for all routes and which are also transferable. Time Table and Guide is printed regularly twice a year in Hindi and English and made available to the public at nominal price and similarly passenger queue shelters are being constructed at all the important stands to protect the travelling public from elements of nature while waiting on the buses.

Deputy General Manager.
